REPORT OF THE JOINT COMMITTEE

- I, the Chairman of the Joint Committee to which the Bill* to provide for the registration of architects and for purposes connected therewith, was referred, having been authorised to submit the Report on their behalf, present this their Report, with the Bill as amended by the Committee, annexed thereto.
- 2. The Bill was introduced in the Rajya Sabha on the 10th December, 1968. The motion for reference of the Bill to a Joint Committee of the Houses was moved by Prof. V. K. R. V. Rao, Minister of Education, on the 15th May, 1969 and was adopted by the House on the same day.
- 3. The Lok Sabha discussed and concurred in the motion on the 16th May, 1969.
- 4. The message from Lok Sabha was reported to Rajya Sabha on the 16th May, 1969.
 - 5. The Committee held nine sittings in all.
- 6. At their first sitting held on the 17th May, 1969 the Committee decided that a Press Communique be issued inviting opinions from various individuals, associations and other bodies interested in the subject-matter of the Bill and advising them to send memoranda thereon to the Rajya Sabha Secretariat by the 14th June, 1969. The Committee also desired that some leading organisations connected with architectural profession be approached for giving their views on the Bill.
- 7. Twenty-seven Memoranda etc. on the Bill were received by the Committee.
 - 8. The Committee heard evidence tendered by six witnesses.
- 9. The Committee decided that the evidence tendered before them may be laid on the Table of the House.
- 10. The Report of the Committee was to be presented by the 29th August, 1969. The Committee were however granted an extension of

^{*}Published in Part II, Section 2 of the Gazette of India Extraordinary, dated the 10th December, 1968.

time upto the last day of the Seventh (November-December, 1969) Session of the Rajya Sabha.

- 11. The Committee considered and adopted the Draft Report on the 21st November, 1969.
- 12. The principal changes suggested by the Committee in the Bill and the reasons therefor are set out in the succeeding paragraphs:—

CLAUSE 2

Paragraph (a): During the course of tendering oral evidence before the Committee some witnesses contended that the definition of the term "architect" as given in the Bill could be construed to mean that a person other than an architect would not be qualified to design and supervise the erection of any building. Such an interpretation, it was apprehended, would debar a large number of persons including Civil Engineers to continue to carn their livelihood as architects even though they had been practising that profession for a number of years. Several members of the Committee also felt the same doubt.

To remove this misgiving the Committee have amended the definition of the term "architect" so that the title may be used by all persons, irrespective of their qualification, whose names are borne on the register of architects to be maintained by the Architect's Registration Council.

Paragraph (f) (Original): Consequent on the amendment to paragraph (a) above defining the term "architect" the definition of the expression registered architect in paragraph (f) has become redundant. The Committee have, therefore, deleted the paragraph.

CLAUSE 3

Sub-Clause (3): The Committee are of the opinion that in the matter of constitution of the Architect's Registration Council, heavy weightage has been given in the Bill to those holding office under the Government and Semi-Government bodies as nominees of those bodies, leaving very little scope for representation of non-official professional bodies.

In order, therefore, to increase the representation of non-officials on the Council the Committee have decided that:—

- (i) the Governments of States need not necessarily be represented on the Council by an architect to the Government of the State concerned or by an architect serving under that Government. Instead, the Government of a State should have discretion to nominate any architect from that State. Paragraph (f) has been amended accordingly.
- (ii) the representation of the Institution of Engineers (India) to the Council should be increased from one to two persons, Paragraph (g) has been amended to provide for such increased representation.
 - (iii) the Institution of Surveyors of India should also be represented in the Council by one of its members. A new paragraph (h) has been added for the purpose.

A new Explanation has been added to the sub-clause which is of a clarificatory nature.

Sub-clause (4): The Committee are of the opinion that pending the preparation of the register of architects, the Central Government may nominate to the first Council, persons referred to in paragraph (a) of subclause (3) only in consultation with the Indian Institute of Architects.

The sub-clause has therefore, been amended suitably.

Sub-clause (5) (new): The sub-clause has been added to facilitate representation of persons referred to in paragraph (f) of sub-clause (3) from each State in the first Council pending the preparation of the register in consultation with the State Government concerned.

CLAUSE 5

The Committee are of the opinion that where any dispute arises regarding any election, it should appropriately be referred for decision to a Tribunal appointed by the Central Government for the purpose. The clause has been amended suitably to achieve the object. Ancillary matters have also been provided for in the clause.

CLAUSE 8

The Committee are of the opinion that a person convicted and sentenced to imprisonment for not less than two years, for whatever offence should be debarred from election or nomination to the Council. While amending the clause for the purpose, the Committee have also fixed five years as the period for which such a person should continue to be ineligible for election or nomination to the Council after his release.

CLAUSE 16

The scope of the clause has been widened in order to enable the Central Government to amend Part I or Part II of the Schedule after consultation with the Council for the purpose of recognising any architectural qualification.

CLAUSE 20

The Committee are of the opinion that the procedure for withdrawal of recognition of any qualification awarded by an institution, as originally provided in the clause was time-consuming and should, if possible, be simplified. The Committee have accordingly amended the clause to simplify the procedure.

CLAUSE 25

The Committee have liberalised the condition for registration of a person as an architect who does not hold any recognised qualification but who has been engaged in practice as an architect for a period of not less than 5 years. Two of the conditions prescribed for the purpose in the criginal clause viz. (i) that the practice as an architect should have been his principal means of livelihood; and (ii) that he should be a member of the Indian Institute of Architects, have been removed.

CLAUSE 31 (ORIGINAL)

___-

The Committee are of the opinion that since the removal of the name of an architect from the register on the grounds enumerated in sub-clause (2) of clause 29, would be ordered by the Council only when the Council was fully satisfied as to the justification thereof after giving the said architect reasonable opportunity of being heard and making such further enquiry as the Council might think fit, there was no need for making further provision for an appeal to the Central Government in this regard. The clause has, therefore, been deleted.

CLAUSE 34 (ORIGINAL CLAUSE 35)

After the coming into force of this Act, a person who is not entitled to use the title and style of architect cannot call himself an architect. If therefore, a plan or a certificate in respect of any building is required by or under any law from an architect it must be signed by a person whose name is borne on the register to be maintained under this Act. The Committee, therefore, are of the opinion that a provision like the one made in sub-clause (2) (original) of this clause is not required and have accordingly deleted the sub-clause.

CLAUSE 37 (ORIGINAL)

The Committee are of the view that if the clause is allowed to stand, every architect, irrespective of the fact whether he is or is not eligible for registration, might after the commencement of the Act and before the register is completed be liable to punishment. The clause has therefore been deleted.

CLAUSE 36 (ORIGINAL CLAUSE 38)

The original clause contemplated protection to the profession of architect. The Bill, as now amended by the Committee however, provides for the protection of the use of the title and style of architect only. The clause has accordingly been amended to suit the requirements of provisions of the Bill, as it has emerged from the Committee.

THE SCHEDULE

The Committee have revised the Schedule so as to make it more comprehensive by including therein all the architectural qualifications that are approved by the U.P.S.C. for the purpose of recruitment to the post of architect.

The other changes made in the Bill are of consequential or drafting nature.

13. The Committee recommend that the Bill, as amended, be passed.

MUDUMALA HENRY SAMUEL, Chairman of the Joint Committee.

New Delhi; November 21, 1969.

MINUTE OF DISSENT

With Clause 38 standing as in the original Bill, the Act would have debarred any person, other than a registered Architect, from practising the profession of an Architect.

In such circumstances, I feel that the provision of Clause 25(1) (b) (which enables registration of any citizen who does not hold any qualification mentioned in the Schedule, but has been engaged in practice as an Architect for a period of not less than 5 years) would have been both justified, and necessary. Otherwise, we would have debarred those who have already been practising this profession for a long time, from continuing to practise.

Now that the provisions of Clause 38(1) have been modified to debar not the practice of the profession of an Architect, but only the use of the name and style of Architect. I cannot find justification for the continuation in the Bill of the provisions of Clause 25(1)(b).

In fact I feel that it is unfair to permit a person, who is not a qualified Architect, to use the name and style of Architect, especially when the purpose of the Bill is now restricted only to the protection of this name and style. As such, I feel that sub-clause (1) (b) of Clause 25 should have been deleted from the Bill.
